

Walk21 Sydney Pre-Conference Walking Tour

Sharing Sydney Harbour

Sharing Sydney Harbour is a guided six kilometre walking tour visiting several sites along Sydney Harbour explaining how partnerships between Local, State and Federal government has improved public access to the Sydney Harbour foreshore.

Participants will hear how segments of the Harbour foreshore have been transformed from a range of maritime and industrial uses, to a highly valued recreational space with new uses and a continued walking network. Highlights include Sydney Harbour National Park and a tour of the former military Harbour Trust site at George's Heights . Participants will also experience the magnificent harbour views from the walking track that weaves around the Harbour headlands.

Further details about the route including iphone and Android audio apps are available at:
